

The 16 – 19 Tuition Fund 2021 – 2022 Academic Year

As a College, we have been allocated funding from the Df E to support students who are considered to have had their education disrupted and are at risk of not making expected progress.

In order to ensure that students can be supported to achieve a grade 4 or 5 in maths and/or English and are successful in their vocational and academic qualifications, additional staff will be employed by the College to provide high quality tuition, support and guidance.

Selection of students will be based on those who:

- Have yet to achieve a grade 4 or 5 in English and/or maths.
- Have had their education disrupted and require support to prepare for and catch up on vocational and academic subjects.
- Have a special educational need or disability.
- Are considered to be from an economically deprived background.

Students receiving additional tutor support will be taught in small groups of no more than 5
